

Air handling

Air Sox
Fabric duct

Air Zone
Custom air handling units and raised-floor and overhead distribution units

AIRMAX Industries

AIRMAX Industries
Indirect/direct evaporative cooling air conditioners, residential air-to-water heat pumps

AMAX
Indirect, direct, and indirect/direct evaporative cooling

Buffalo Air Handling
Custom air handling to 250,000 cfm

Enershield
Laminar-flow air barriers

KE Fibertec
Fabric duct

Rapid Engineering
Direct- and indirect-fired air management systems

Westair Engineering
Indirect/direct evaporative coolers, air handlers, and ventilators

Williams Fan Coils
AHRI-certified hydronic fan coils for standard pipe/potable water integrated pipe systems (IPS)

Renewable energy

SolarWall
Solar pre-heaters for outside air ventilation

Energy recovery

Aermec
Air-to-water and water-to-water heat pumps

CGC Group
Hybrid water-source and ground-loop heat pump systems

Colmac
Air-to-water and water-to-water heat pumps and air-to-water chillers

Compax
Water-to-water modular chillers

E-Tech
Air-to-water and water-to-water heat pumps

Nu-air
Heat-recovery ventilators, energy-recovery ventilators, and air exchangers

Humidity control

Desert Aire
DX dehumidification technology

Stulz
Desiccant dehumidifiers

Wholesale products

National Comfort Products
Thru-the-wall furnaces, heat pumps, AC units

Spruce
In-line ventilation fans,
